

1. Because we know you care about your family...

Our homes are quality built with YOU in mind.

2. Because your family deserves to be comfortable in any season.

"Our family stays cool in the summer and warm in the winter. This is especially important when the little ones come to visit."

10. Because protecting the environment just feels good.

ENERGY STAR® is a government-backed program to help protect the environment through superior energy efficiency.

Results are already adding up. Last year alone, with the help of ENERGY STAR®, Americans saved enough energy to power 10 million homes that contributed to savings of \$6 billion.

For these reasons, the Department of Energy is a proud supporter of the Energy Star program and Redstone Group is a proud Energy Star® Partner.

To learn more information about the Energy Star® program, visit www.energystar.gov.

3. Because our energy efficient homes out-perform the others.

"We were shocked to learn that up to 60% of our heating and cooling had been going right out the walls in our previous home! With the tight duct work in our Redstone home, we now retain all of the energy we have paid for!"

The value of a Redstone Group High Performance condominium home can be seen in the numbers.

4. Because peace and quiet is more than a luxury.

"The double insulated walls make our home a quiet sanctuary."

5. Because your home's energy expenses should never tap into your golf fund.

"Our new Redstone home has saved us a tremendous amount of money. Now we use our extra savings to enjoy life."

6. Because you deserve to breathe easy.

"I had allergies, and my husband had asthma. We love the clean, draft-free air of our new energy efficient home!"

7. Because your energy efficient condo is more valuable in the market.

"We hate to think of selling, but are confident that if we do, our state-of-the-art Redstone Group home will be a hot property."

8. Because your time is precious.

"It make sense to spend quality time on the things we love the most. Home maintenance is not on the list."

9. Because life is too short to worry.

"We can sleep easy at night knowing we have provided our family with the safest environment possible. We just experienced a huge storm. The house survived, and so did we."
